

Portfolio Guidance – A Level Graphics

- A small body of work that demonstrates your skills and interests.
- Images by artists, designers, photographers or craft makers that inspire you.
- Up to 10 practical responses. These could be drawings, photographs, samples or maquettes and should be appropriate to the course you wish to study.
- The portfolio should be brought with you to enrolment at the end of August/early September after you have completed your GCSEs and received your results. Not before then, as final decisions about enrolments will not be made until after GCSE results have been released.
- Please send any enquiries to the subject email:
